

Serial No. 10/796,042
Art Unit 2856

REMARKS

In response to the Examiner's restriction requirement under 35 U.S.C. 121, the Applicant elects for further examination the claims of Invention II as defined by the Examiner, namely claims 3-8.

Although the Office Action states that claims 1-20 are the subject of a restriction requirement, the Examiner has not included claim 1 in any of the Inventions as defined by the Examiner. The Applicant assumes that as claim 1 is a linking claim, claim 1 will also be the subject of further examination. If this is not the case, then the Applicant elects for further examination claim 1 and the claims of Invention II as defined by the Examiner, that is claims 1 and 3-8.

Claims 2 and 9-20 are withdrawn.

Respectfully submitted,

Mark Budd
